Dear Mr Cronin,

RE: Bellville Solar Project – Offer to Meet

Thank you for your letter dated 10th October 2025.

We continue to reiterate our offer to discuss all points raised in person during face-to-face engagement with the AMASS. This would be the most constructive means of discussing this project and would not in any way preclude the wider public engagement to which we are already committed and continue to carry out.

As previously stated, we continue to engage with individual residents and other key stakeholders who are contacting us directly and look forward to hosting a second public drop-in consultation event in advance of the submission of a planning application, in line with our previous commitments.

Please be assured that this public drop-in consultation event will be arranged as soon as we have completed the preparation of a site layout and all relevant technical information. We will be in touch with AMASS directly, in addition to notifying local residents, elected representatives and other key stakeholders, when these arrangements have been finalised and a public event is planned.

While these preparations are ongoing, in the spirit of seeking to understand each other's positions better, our offer of a meeting with the AMASS Committee will stand should you wish to accept.

Yours Sincerely,
